

Dear Sir/Madame,

Dinamica generale develops a direct presence in China thanks to synergies with local partner able to support the existing products and to push dinamica generale solutions in different market segments.

Dinamica generale is a step forward in the Chinese market:

- ✓ Thousands of installations and experience in field;
- ✓ Weighing system with Chinese interface;
- ✓ DTM, feeding software management in Chinese language, available both in Local or CLOUD versions;
- ✓ Videos with Chinese subtitles... [See Videos...](#)
- ✓ Manuals and technical sheet available in Chinese;
- ✓ Local partner for a better support.
